

CERTIFIED PAYROLLSM

Streamlining Davis-Bacon Reporting

Time Is Money...

QUICK & COMPLIANT CERTIFIED PAYROLL REPORTS

Contractors who perform work on government subsidized projects understand the importance of submitting accurate and timely Davis-Bacon Reports. This complex task can take hours when tracking multiple jobs and employees.

The Points North Certified Payroll Reporting solution streamlines this process by using imported payroll data from **QuickBooks**, **ADP** and other **popular payroll providers** to generate your reports. By automating the reporting process, Certified Payroll Reporting can **eliminate up to 75%** of the time and energy currently invested in this weekly chore! Just ask Northern California's premier heating and cooling specialist, **Air-O Service**:

"Certified Payroll Reporting has made our weekly reporting process much easier. Thanks to this innovative solution, we'll save more than 200 hours and \$5,000 annually.

- Theresa Cavallaro, Air-O Service

PRODUCT BENEFITS

Eliminates up to 75% of the time invested in your weekly reporting efforts.

Integration with popular payroll solutions, like QuickBooks, ADP and Ceridian, eliminates manual entry and increases report accuracy.

Comes equipped with commonly used federal, state and municipal forms, including the WH-347 and "No Work" report.

Automatically generates reports from weekly or bi-weekly payroll data with a few clicks of a mouse.

Offers connectivity with popular electronic filing agencies to further streamline your submission process.

"The Points North Certified Payroll Reporting solution imports seamlessly with our payroll system, saving our company hours of rekeying."

- **Dominic Sardina, Safway Services**
